TOTAL STUDENTS SELECTING CHOICE OPTIONS	255,645	73.7%

*Based on MDCPS total enrollment of 347,069

Magnet Schools

Magnet programs offer unique courses of study focusing on students' special interests, talents, and abilities. Magnet programs are available to students under the following six themes of study:

- International Programs
- Liberal Arts
- STEM (Science, Technology, Engineering, Mathematics and Medical & Health Sciences)
- Virtual Offerings
- Visual & Performing Arts

In all, over 1,061 choice programs for all grades in over 113 magnet schools.

Non-Magnet Academies & Career Academies

Career academies combine a college-preparatory curriculum with a career-themed focus. Entrance requirements linked with technical and academic courses meet high school graduation and college benchmarks. Each academy's theme is aligned directly to priority workforce needs of the community. Career academies combine conceptual learning with the relevant practical experience preparing students for both college and careers. Students enrolled in career academies follow a sequential program of study that leads to industry certification and opportunities to earn post-secondary credit and scholarships.

Cambridge International Examinations

In response to the growing need for college-ready students, Miami-Dade County Public Schools has implemented 80 Cambridge Programs in 70 schools including elementary, middle, and high schools. The world's finest universities and employers recognize these rigorous, integrated educational programs that continue to highlight M-DCPS as a national leader in K-12 international educational programs.

iPrep Academy PreK-12

As Miami continues to expand, iPrep Academy has continued providing a stellar education for all students. We have responded to the apparent need for a Pre-K through 12th-grade school that will offer a personalized, technology-rich learning experience at the School District's administration building near downtown Miami.
