

Miami-Dade County Public Schools A WORLD OF OPPORTUNITIES

International Edition

A truly global community, Miami-Dade County Public Schools (M-DCPS) students speak 56 different languages and represent 160 countries. M-DCPS students have access to the best international programs.

International programs offer a challenging curriculum promoting high levels of academic productivity, comprehension of world cultures, and the acquisition of a foreign language. Through internationally benchmarked academic study and interdisciplinary courses, students become active, lifelong learners and global citizens prepared to succeed in an ever-changing international society and economy.

M-DCPS Robust International Programs

Through the International Studies (IS) Program, school administration, teachers, students, and parents work collaboratively with foreign ministries of education in Spain, France, Italy, Brazil, and Germany to ensure that the educational requirements and standards of that country are infused and taught in the curriculum. The pedagogy results in the acquisition of a second language.

International Baccalaureate (IB) Programme

The International Baccalaureate (IB) Programme is a highly coordinated, rigorous course of study linking Humanities, the Sciences, Mathematics, Languages, and Community Service. The curriculum of IB Programmes incorporates standards that assume a high level of aptitude and achievement.

Cambridge International Examinations (CIE) Program

The Cambridge International Examinations (CIE) Program is an innovative and accelerated method of academic study offered solely through CIE, part of England's renowned University of Cambridge. It provides an engaging, accelerated, academic experience for motivated learners. Students are challenged to work at the highest level of international standards in Math, Science, English, and Language Arts.

International Education (IE) Program

The International Education (IE) Program immerses students in multicultural education and many IE schools have an emphasis on learning a second language. These programs, which are delivered in various, successful, curricular designs, prepare students to live effectively in a fast-changing global society and economy.

AP | Capstone Program

The AP | Capstone Program is designed to complement and enhance the in-depth subject-matter study provided through AP courses. The curriculum leads students to exemplary inquiry, research, collaboration, and communication skills by studying topics of global relevance from an interdisciplinary perspective, making connections between these topics and their AP subjects.
