^{*}Florida municipalities consist of incorporated cities, towns, and villages. Florida law makes no distinction between these three types. CDPs are unincorporated communities identified and delineated each decennial U.S. Census for statistical purposes only (so their boundaries have no political meaning). ^{*}Florida municipalities consist of incorporated cities, towns, and villages. Florida law makes no distinction between these three types. CDPs are unincorporated communities identified and delineated each decennial U.S. Census for statistical purposes only (so their boundaries have no political meaning). Boundaries used for this report are as of Jan. 1, 2015.

Produced by MIAMI Association of REALTORS® with data provided by Florida's multiple listing services. Statistics for each month compiled from MLS feeds on the 15th day of the following month.
