

Why require Multi-Factor Authentication (MFA)?

To keep the MLS secure!

**Passwords can't fully
protect the MLS - and
there are too many to
remember.**

**No more
six digit
codes
to login.**

Multi-factor Authentication

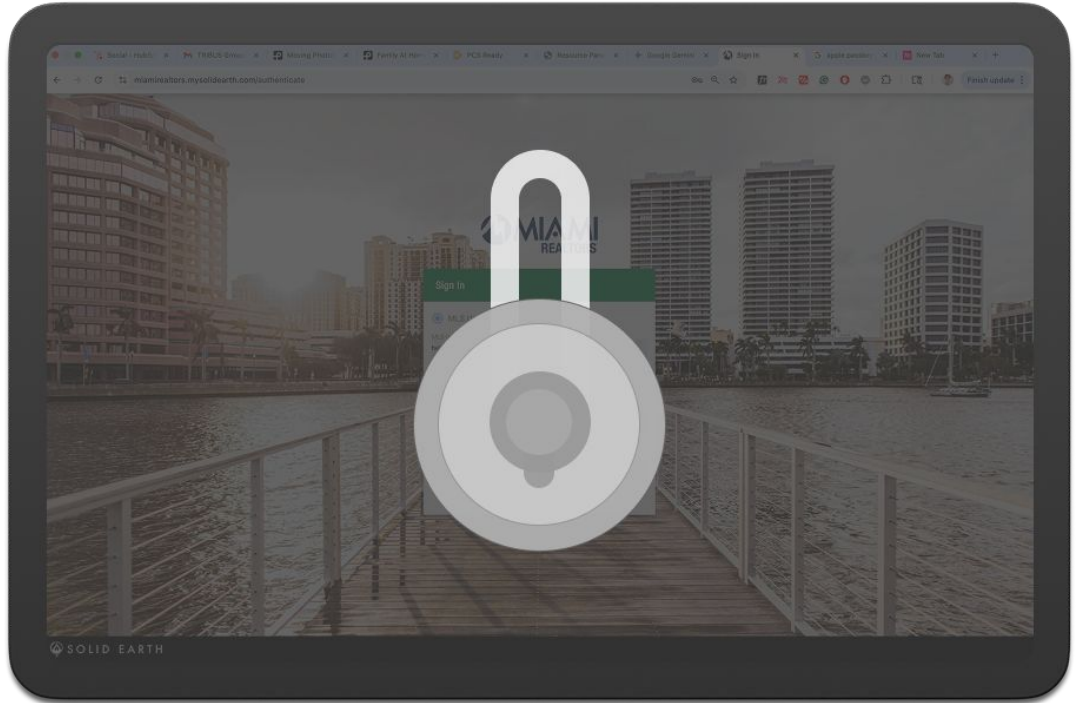

Please enter the 6-digit code we've sent to your email.

6-digit code expires after 60 minutes or one-time use. Please check your email inbox (including your spam folder). You can log in and request a new code by clicking "Try Again" after 60 seconds.

**Security
problems
can cause
account
lockouts.**

**Don't risk being
locked out of your
MLS account.**

Passkeys are the easiest and most secure login!
